

RIVER CITY SCIENCE ACADEMY

Student Code of Conduct Agreement

As a parent/legal guardian of _____, we have received and read the River City Science Academy Student Handbook for the 2023-2024 School Year. We understand that it is our responsibility to abide by all policies and regulations contained in the handbook. By signing below, we acknowledge that we have read and understood the rules and regulations of the school and agree to comply with them.

We understand that failure to comply with the school policies and regulations may result in disciplinary and other actions. We also understand that the school reserves the right to amend or add to these policies at any time and will make every effort to notify us of such changes.

We further pledge to maintain the best of academic and behavior standards while attending River City Science Academy. We will work together to ensure that the student attends school regularly, dresses appropriately by school guidelines, arrives on time, is properly prepared for class, completes homework, projects and assignments on time, participates actively in school activities and avoid any distractive behavior toward learning and school operations. We will also strive to support and encourage the school's efforts to create a safe and positive learning environment for all students.

CONTRACT OF ACKNOWLEDGEMENT

Please read the following information carefully to ensure a common ground of understanding of River City Science Academy’s foundational policies, protocols, requirements and expectations. The student agenda provided in the beginning of the year will outline the specifics of each topic.

I. Behavior and protocol:

Initials: _____

Embedded in the educational foundation at RCSA is teaching students how to become individuals of respect and integrity. The RCSASE faculty, staff and administration work as a team to teach students the importance of thinking about their choices and actions. Time is spent identifying, discussing, teaching and modeling steps and strategies for students to apply in order for them to reach their individual potential. As a result, RCSASE holds each student to the highest level of behavior as outlined in the Code of Conduct. It is the expectation of RCSASE that students will listen, learn and apply these lessons.

II. Code of Conduct policies and procedures:

Initials: _____

RCSASE adheres strictly to the policies, protocols and consequences outlined in the Code of Conduct. Respect and responsibility are held to the highest level and there is no tolerance for repeated behaviors of disrespect, disruption of learning, refusal to learn, dishonesty or intentional rough or harmful behavior.

III. Uniform policy and purchasing:

Initials: _____

RCSASE adheres tightly to our uniform policy as outlined in the Student Handbook. All uniform shirts/tops, and PE Uniforms (middle school only), MUST be purchased from our vendor. Bottoms must be navy or khaki in color and must be worn with a belt if they have belt loops. Cargo shorts/pants are not permitted.

IV. Parent Involvement:

Initials: _____

Parent/guardians are required to provide RCSASE with current emergency contact information, legal documentation and guardianship (if applicable), as well as updates on any new changes within 2 business days. RCSASE relies on and requires a partnership with our parent/guardians. RCSASE main form of communication is through our parent portals such as DOJO, RCSA Connect, Constant Connect, and Email, which requires regular computer and internet access.

It is imperative that parents set aside time to **read all documents/notes that come home in either the newsletter, class DOJO, Friday Folder (elementary only), or the student’s agenda.** RCSASE aims to send information electronically through email, but hard copies of documents are sent home to ensure that you receive the information that you need.

RCSASE educational philosophy sees home assignments as an extension or preparation of class lessons. Failure to complete assignments and/or utilize the support system in place to assist students will hinder your child’s ability to maintain a successful learning experience.

I have read and understand the importance of the above River City Science Academy Southeast policies. I agree to read the parent/student handbook upon receipt at the beginning of the year for further specifics in each of these areas.
